

IMPORTANT NOTICE
SURREY MEADOWS
WATER DISTRICT CUSTOMERS

VOLUNTARY WATER RESTRICTIONS

Due to the dry summer, the Town of Chester is asking for voluntary water restrictions in the use of all outside water for sprinklers, pools, car washing, garden watering, etc., until further notice to conserve water. The excessive use of water will place a burden on the current water supply. To ensure that sufficient water is available, we are asking residents to comply with these voluntary restrictions. Be assured that the Town is taking every step necessary to ensure a continued supply of water for all the residents in your water district.

WATER DISTRICT CUSTOMERS

MANDATORY WATER RESTRICTIONS

Due to the dry summer and high water usage resulting in reduced capacity, the Town of Chester is prohibiting the use of all outside water for sprinklers, pools, car washing, garden watering, etc., until further notice. The excessive use of water will place a burden on the current water supply. To ensure that sufficient water is available, we are forced to impose these restrictions. Be assured that the Town is taking every step necessary to ensure a continued supply of water for all the residents in your water district.
