## **Historian's Report for activity in October & November 2025**

Dear Supervisor Holdridge and Board Members of the Town of Chester:

In response to the ongoing critical health situation within my family, the Town of Chester Historian has experienced a significant reduction in activity during October and November 2025. This period was primarily characterized by the handling of a limited number of inquiries and the processing of Freedom of Information Law requests.

Respectfully submitted,

Cc: Linda Zappala, Town Clerk, Town of Chester.  
Aaron Lefkowitz, Historian, Village of Chester
